

# ELECTRO - MAGNETS

E 1

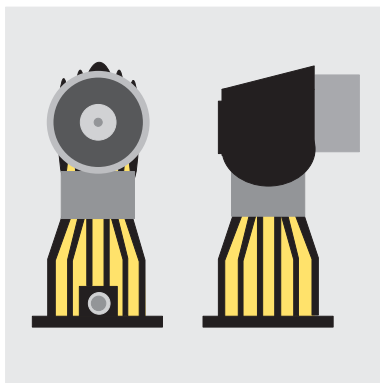

- 50 Kg at 24 V  
Wall-electro-magnet  
Black colour
- Components: Nylon and Iron steel.
  - Absorbency: 50 mA

E 2

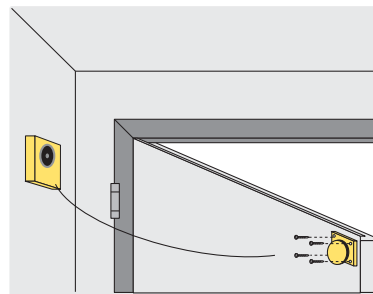

- 60 Kg at 24 V .  
Electro-magnet with  
push button block.
- Absorbency: 60 mA

E 3

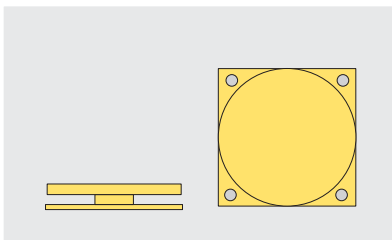

- 60 Kg at 24 V  
Floor-electro-magnet  
base black colour.
- Components: Nylon and Iron steel.
  - Absorbency: 60 mA

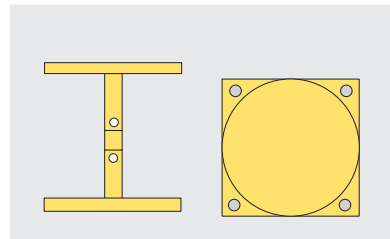

Electro-magnet  
E2 and plate P2

P2

Fastening Plate

P1

Extended articulated fastening plate

\* Padilla Firedoors certified electro-magnet suppliers:

- Electro-magnet E1,E2,E3 manufacturer OPERA
- Electro-magnet E1/E2 manufacturer DICTATOR/MECALECTRO
- Electro-magnet E2 manufacturer MECALECTRO
